

Michelle L. Wilson is Director of Concrete Technology at the Portland Cement Association. She has over 20 years of experience relating to concrete materials, specifications, performance, troubleshooting and repair.

She is responsible for the development, content, and delivery of PCA's education and training programs and technical products covering the entire spectrum of concrete technology and is co-author of PCA's *Design and Control of Concrete Mixtures*. She has given numerous workshops and presentations around North America including the World of Concrete, International Builder's Show, and CONAGG/CON-EXPO.

Ms. Wilson holds a B.S. in Architectural Engineering from Milwaukee School of Engineering, with an emphasis in structural engineering and concrete materials. Prior to joining PCA in 1999, she worked for Construction Technology Laboratories, PCA's sole subsidiary, specializing in concrete evaluation and troubleshooting on various projects throughout the United States and previous to this she worked as a field inspector performing quality control for STS Consultants, Ltd. in Milwaukee, Wisconsin.

She is a member of ASTM Committee C09 *Concrete and Concrete Aggregates*, and ACI International Committees 201 Durability, 311 Inspection of Concrete, 329 Performance Testing Requirements, E707 Specification Education, and is chair of 301 Specifications for Structural Concrete. She was awarded the ACI Young Member Award for Professional Achievement in 2008, and became a Fellow of the Institute in 2010.

George Seegebrecht is a consultant with Concrete Consulting Engineers, LLC. Mr. Seegebrecht has more than 30 years of experience in the construction industry. For the past 25+ years his primary work has been troubleshooting concrete construction problems concerning design, materials and workmanship issues.

Mr. Seegebrecht holds a B.S. in Civil Engineering from Valparaiso University and is a licensed professional engineer in 11 states. He has provided litigation support and/or testimony in the U.S. and Canada on various issues of construction design, materials and workmanship.

He is a frequent seminar speaker on numerous programs for the Portland Cement Association (PCA) and the University of Wisconsin. He has developed custom educational sessions for clients such as USACE, various contractors and Owners.

Before starting Concrete Engineering Group, George worked for 25 years with the Portland Cement Association (PCA) and its subsidiary CTLGroup, Inc. He is a member of the American Concrete Institute (ACI). He is also a member of the American Shotcrete Association (ASA), and the International Concrete Repair Institute (ICRI). Mr. Seegebrecht currently serves as Examiner of Record for the ACI-Illinois Certification Program.
