Tuesday, August 30

8:30 a.m. – 5:00 p.m.
Registration
Avenue Ballroom Foyer

9:30 – 11:00 a.m.
PAC Meeting
Burnham

10:00 – 10:30 a.m.
Group Break
Avenue Ballroom Foyer

10:00 – 11:30 a.m.
Sustainable Development Committee
Camelot Room
With the industry average environmental product declaration’s (EPDs) for cements published and the EPD Calculation Tool now up and running, one cement producer will share their experience in exploring the tool and lessons learned during the analysis of their internal data against the Industry Average EPDs. Also, with LEED 2009 sun-setting on Oct. 31, 2016, all new projects will be required to pursue LEED v4 credits.

10:00 – 11:30 a.m.
Regional Promotion Forum
(Update on Regional Association Programs)
Streeterville
The Regional Promotion Forum will have an update on the transition status of the affiliated regional promotion associations and a report of current promotion and advocacy activities at the local level.

11:30 a.m. – 1:00 p.m.
Lunch Available for Participants
Avenue Ballroom

Keynote Speaker, Henry L. Green,
President and CEO of the National Institute of Building Sciences

1:00 – 4:30 p.m.
Manufacturing Technical Committee
Streeterville
Dr. Martin Schneider will provide an update on the European Cement Research Academy’s long-term carbon capture and sequestration research and grinding reduction research. The fall technical session covers urgent topics including wear protection, terminal design considerations, PM compliance, and electric motors.

1:00 – 4:30 p.m.
Buildings Committee
King Arthur Court
Building market development efforts provide an overarching compliment to the unique system promotion programs of our industry allies. Updates on our current and future marketing efforts and strategic partnerships outside the industry will be shared. Additional topics will include the larger energy efficiency benefits and long term resilience values concrete brings to individuals and communities.
1:00 – 5:00 p.m. **Environment & Energy Committee**

Members of the Environment & Energy Committee will receive updates and recommendations on issues falling under the purview of the Committee, including NESHAP regulations, the D.C. Circuit’s CISWI decision, and other regulatory developments.

2:30 – 3:00 p.m. **Group Break**

Avenue Ballroom Foyer

3:00 – 4:30 p.m. **Product Standards & Technology Committee**

Committee members will review research on sulfate resistance of portland-limestone cements (PLCs) and status of acceptance of PLCs. Ongoing and future proposals for ASTM and AASHTO specifications and other standards will be considered.

4:00 – 5:00 p.m. **Centennial Committee (Closed)**

Prime 3

5:00 – 7:00 p.m. **Group Reception — Associate Member Recognition**

Camelot Room

---

---

**2016 Meeting**

**PCA Annual Summit**

November 13-15, 2016 • Palm Beach, Florida

The Breakers

**ANTITRUST STATEMENT**

The Portland Cement Association assigns the highest priority to full compliance with both the letter and the spirit of the antitrust laws, and it is vital that this meeting be conducted in a manner consistent with that policy. If at any time during the course of the meeting, PCA counsel or staff believe that a sensitive topic under the antitrust laws is being discussed, or is about to be discussed, they will so advise the meeting and halt further discussion. As attendees at this meeting, you should likewise not hesitate to voice any concerns you may have in this regard.

It is important to bear in mind that those in attendance at this meeting may be your competitors. Any discussions of commercial matters with one's competitors may create the appearance of an antitrust violation, even though there is none. Therefore, such discussions should be avoided at all times before, during, and after this meeting.

Portland Cement Association, November 2013
