

2021 Cement & Concrete Fly-In

Join the cement and concrete industry in our advocacy efforts by tweeting at the members of Congress you are meeting with! Utilize one of the below sample tweets or craft your own!

America's infrastructure is rated a C-!
@MemberofCongress, we are in desperate need of infrastructure investments to our roads and bridges, public transit, airports, schools, hospitals, and more. #NACAFlyIn #InfrastructureNOW

The #cement and concrete industries have committed to achieving carbon neutrality across the concrete value chain by 2050.
@MemberofCongress #NACAFlyIn

Did you know that cement is the 2nd most consumed material on earth, behind only water?
@MemberofCongress, the cement and concrete industry looks forward to meeting to discuss the need to pass a bipartisan infrastructure package.
#NACAFlyIn

I just met with **@MemberofCongress** to encourage them to support research and funding efforts to develop emerging technologies such as industrial carbon capture, use, and sequestration.
